

RESONA 7

Color Doppler Ultrasound System

It rises with core platform advantages of ZST⁺

- Advanced Acoustic Acquisition
- Dynamic Pixel Focusing
- Sound Speed Compensation
- Enhanced Channel Data Processing
 - HD Scope
 - Coherent Spatial Synthesis
- Total Recal Imaging
- Faster Frame Rate
- User Friendly

Powered by **ZST⁺**

— 21.5"
high resolution LED
monitor

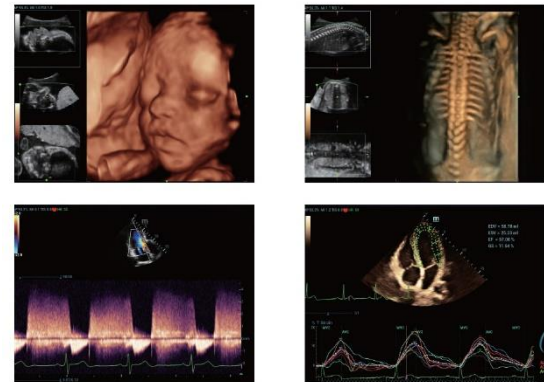

— 12.1"
tilting multi-gesture
touch screen

— 6
direction floating control
panel

— Gel warmer with
temperature control

— Pinless transducer
with light indicator

— Central and swivel lock

It Progres Innovative Clinical tools for confident diagnosis

- V Flow
- UWN Contrast Imaging
- iFusion with Respiration Compensation
- Excellent Cardiac Application
- Elastografi
- Obgyn Smart Application

It Progres Innovative Clinical tools for confident diagnosis

- Smart Planes
- Smart FLC
- Smart OB/NT
- Smart Cardiac
- Smart Radiology
- Smart Anesthesia
